Stitches

Am              G              C      F
I thought that I've been hurt before
     Am              G              C      F
But no one's ever left me quite this sore
Am              G              C      F
Your words cut deeper than a knife
        Am              G              C      F
Now I need someone to breathe me back to life

Am                      G
Got a feeling that I'm going under
C                       F
But I know that I'll make it out alive
Am                  G
If I quit calling you my lover
C       F
Move on

                Am                      G
You watch me bleed until I can't breathe
              C                         F
I'm shaking, falling onto my knees
              Am              G
And now that I'm without your kisses
C                       F
I'll be needing stitches
     Am                  G
I'm tripping over myself,
              C                         F
I'm aching begging you to come help
              Am              G
And now that I'm without your kisses
C               F
I'll be needing stitches

Just like a moth drawn to a flame
Oh, you lured me in, I couldn't sense the pain
Your bitter heart cold to the touch
Now I'm gonna reap what I sow
I'm left seeing red on my own

Got a feeling that I'm going under…

You watch me bleed until I can't breathe…

Am
Needle and the thread,
        G
Gotta get you out of my head
C
Needle and the thread,
        F
Gonna wind up dead

Am
 Needle and the thread,
        C               G                       F
Gotta get you out of my head, get you out of my head

You watch me bleed until I can't breathe…

(And now that)
Am                  G
I'm without your kisses
C                       F
I'll be needing stitches
