

# Without you

Markus & Martinus

Am  
Is it over?  
G F  
I just gotta know  
Am  
'Cause I'm reaching  
G F  
But where did you go?  
Am  
Tears are falling  
G  
While I'm calling  
F  
Can't make it alone, no  
Am  
It's so silent  
G F  
Nobody's home

F C G  
Tell me is it gonna be another lonely heart tonight?  
Am

Without you Without you  
F C G  
'Cause I don't wanna wake up in the morning knowing you're not mine  
Am

Without you Without you  
F  
Gotta get you back to me  
C G Am  
Get away my misery  
Dm C G  
Tell me is it gonna be another lonely heart tonight?  
Am  
Without you Without you

I'm breathing  
But I'm barely alive  
I'm dreaming  
Of you by my side  
Now I'm broken  
Words are spoken  
Running through my mind  
I need you  
But you're so hard to find

Tell me is it gonna be another lonely heart tonight?...

Try to talk, but I choke  
But I want  
You to know  
That I never felt this way  
Or by nobody else and I  
When I call you on my phone  
Cause now when I'm all alone  
I realize you don't know what you got until it's gone  
'Cause I don't wanna wake up

Tell me is it gonna be another lonely heart tonight?...
